PROFESSIONAL SUMMARY

I am an experienced Front End Developer with over 1 year of experience in the web development field. I have a strong technical background in HTML, CSS, JavaScript and other related technologies. My greatest strengths include problem-solving, creativity, attention to detail and excellent interpersonal communication skills. I am a motivated self-starter with a passion for creating high-quality products that meet customer needs.

EXPERIENCE

Sales Team Leader

2021 - Now

JassStar International, Pakistan, Karachi

I was responsible for leading a team of sales representatives to meet performance goals. My role included managing team members, providing coaching and mentoring, as well as monitoring customer service levels and sales activity. I also took part in the recruitment process for new staff members.

TEACHING 2019 - 2021

Helicon Secondary School, Pakistan, Karachi

As a teacher, one of your primary responsibilities is to impart knowledge and skills to your students. You should strive to present information in a clear, concise, and engaging manner, ensuring that it aligns with the curriculum and learning objectives.
